

PULBOROUGH COMPUTER CLUB
<http://www.pcclub.org.uk>

WHAT WE DO

We try to encourage, inform and entertain home computer users of all levels through tutorials and question and answer sessions. A typical meeting consists of:

- **A Tutorial** - the range of topics is wide as can be seen from the calendar on our website. As we are a self-help club, the talks are provided by the members themselves not by software manufacturers or experts, although we do have the occasional guest speaker.
- **Refreshment Break** – a time to chat and socialise with other members.
- **A Question and Answer Session** – a chance to ask that computer question that's been nagging you for the past fortnight. Other members attempt to come up with an answer.

WHEN AND WHERE WE MEET

Pulborough Village Hall on the 1st and 3rd Tuesday of the month 7:30pm-10pm. The meeting fee is £1.

WHAT TO DO NEXT

Check out the club's website for more information, pick a meeting that interests you from the Calendar, and come along.

On arrival, please introduce yourself to our Chairman Jim Noble and our Treasurer John Beard.
